CONNECT TO THE Wi-Fi

NOTE: When you first turn on the Wi-Fi capability in Pro-Stitcher, you will need to make sure to connect to your chosen Wi-Fi network. After you have connected for the first time, the tablet will connect automatically to Wi-Fi when you turn on the Wi-Fi functionality.

Icon Meanings

Wi-Fi is on and connected

Wi-Fi is off and disconnected

Wi-Fi is on but not connected or found

Connect to the Wi-Fi (First Time)

1. On the ribbon on the right side, you'll see this Wi-Fi symbol, indicating that the Wi-Fi for Pro-Stitcher is not turned on.

Open the Tablet's Network Connections

 You'll see the Network Connections window. Doubletap the Wi-Fi option or select Wi-Fi and then select Connect To.

2. You'll see a list of Wi-Fi options. Select your network and, if needed, enter your password.

CONNECT TO THE WI-FI (continued)

 Once your Wi-Fi connection has been established, the icon in Pro-Stitcher will change to what is shown on the right, indicating that the Wi-Fi is on and connected.

Connect to the Wi-Fi (after the First Time)

 On the ribbon on the right side, you'll see this Wi-Fi symbol, indicating that the Wi-Fi for Pro-Stitcher is not turned on.

2. The Wi-Fi icon will indicate that the Wi-Fi is turned on and connected to your previously established Wi-Fi connection.

Troubleshoot a Connection Problem

- If you attempt to connect to Wi-Fi but see this symbol, this means the Wi-Fi for Pro-Stitcher is turned on, but your tablet is still not connected to it. This can mean that you are not in range of your selected Wi-Fi connection or the Wi-Fi of your Pro-Stitcher tablet is turned off.
- 2. When you see the above icon, press and hold the button to bring up your tablet's network connections.
- You'll see the Network Connections window. Doubletap the Wi-Fi option or select Wi-Fi and then select Connect To.

- 4. This will bring up the Wi-Fi network menu, where you can reconnect to your network.
- However, you may discover that the Wi-Fi for the tablet is turned off. If this is the case, select the Off button to toggle the Wi-Fi switch back to the On position (circled in red).
- If you are still having problems connecting to your Wi-Fi network, please contact Pro-Stitcher's technical support.
