To quilt, you must set up Frame Space first.

Set up Frame Space

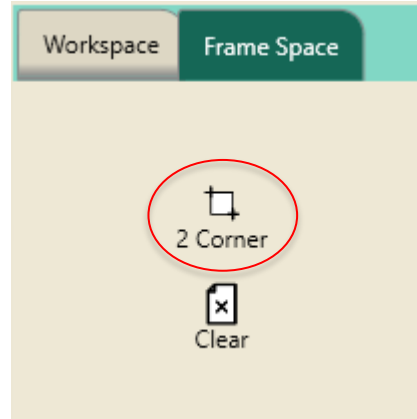

- Select **Area** tab.
- Press **Frame Space** on the ribbon.

- Move machine to the top left corner of your frame space.
- In the sidebar, press **2 Corner**.

- Move machine to the bottom right corner of your frame space.
- In the sidebar, press **2 Corner**.

- Press **Refresh to Frame Space** in the bottom right corner of your screen to see your entire frame space, design, area, and crosshairs in your workspace.

- Your frame space is in red and stays in one place on your workspace until you clear and set a new one.
