

How to Install Pro-Stitcher Designer on your Pro-Stitcher Tablet, or Other Device With No Internet Access

1. Before starting the installation, you must be logged on as the Administrator on your computer.

If you share the computer with someone else and have separate login ID's, your ID must be the one named Administrator and allowed to install software on the computer.

2. Close all open programs.

We suggest you disable your security software for the duration of the installation because anti-virus and anti-spam software can prevent installation. Please contact your security software provider to learn how to disable it.

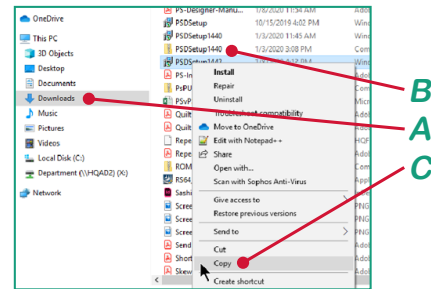

3. To install the *Pro-Stitcher Designer™* Software:

If you purchased PS Designer as a digital download, please follow the steps below to transfer the software program to a USB.

If you purchased PS Designer on a USB, skip ahead to step 4.

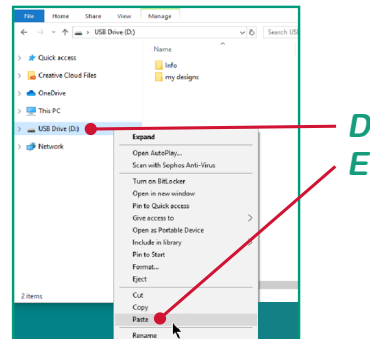

- Insert a USB into your computer.
- Open File Explorer on your computer.
 - a) Open **Downloads**.
 - b) Locate and select PSDSetup file.

c) Right click, choose **Copy**.

d) In File Explorer, select your USB drive (usually drive D:/ or E:/).

e) Right click on the USB drive, select **Paste**.

f) Eject your USB. It is now ready to be taken to your Pro-Stitcher tablet.

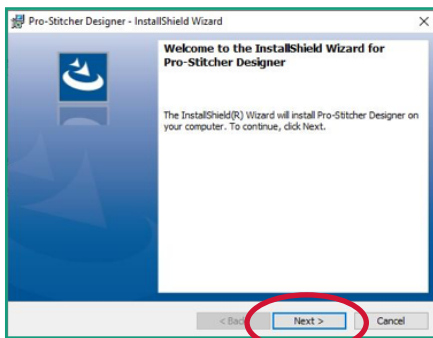

- Insert the USB drive into your computer or tablet.
- In File Explorer, select the PSDesigner USB.
- Double click on the file PSDSetup to launch installation.

4. The executable setup file will download to the Downloads folder.

Double click on the icon to begin the install. Follow the prompts to complete the installation.

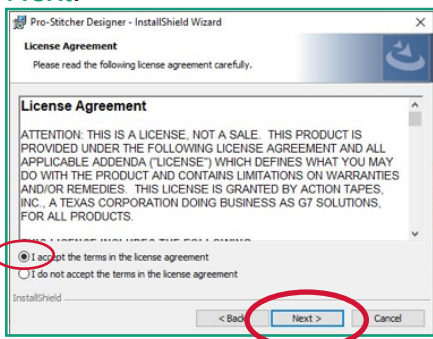

5. The Pro-Stitcher Designer InstallShield Wizard screen will open on your screen.

Click **Next**.

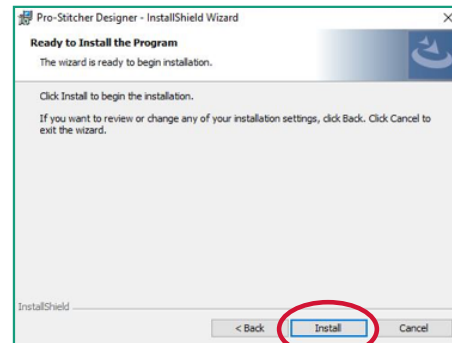

6. A License Agreement will load.

Please read the license carefully, then select "I accept the terms in the license agreement" and click **Next**.

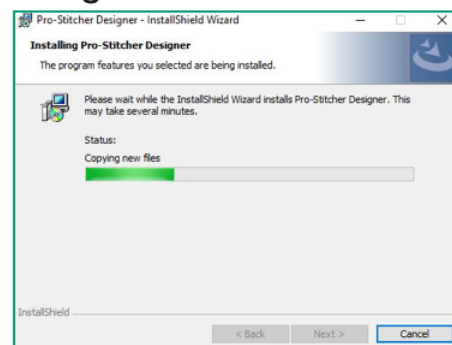

7. The Ready to Install screen will load.

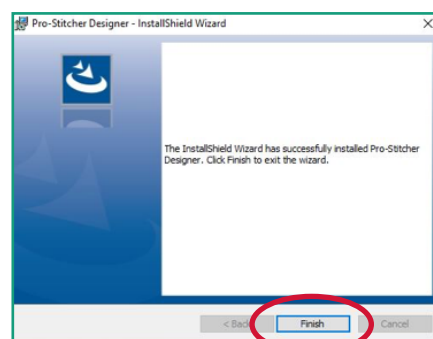

Click **Install** to begin the software installation.

8. The Installing Pro-Stitcher Designer screen will load.

9. When the InstallShield Wizard is finished installing, click **Finish** on the final screen.

A program / software icon will automatically be added to the desk top.

10. On your desktop, double click on the **Pro-Stitcher Designer** Icon to launch the program.

11. The Welcome page for Pro-Stitcher Designer will load.

12. Fill in your contact information completely. All fields with an asterisk (*) are required.

13. In line A, type in the serial number provided with your software.

14. Write down the registration number from the form (line B).

Take the number with you to a computer that has internet connection.

Note: Do not turn off your tablet or close the welcome window.

15. Using a computer with internet connection, go to <http://www.esoftwareondemand.com/ProductRegistration.aspx>

- Fill in all fields with an asterisk (*)
- Enter your serial number in line D. The serial number is the one provided with your software.

The registration number is the number you wrote down above in step 14. Type it on the Validation Code (line E).

a) Click **Submit**.

D: Serial Number
E: Validation Code

b) The website will provide an activation code.

16. Write down the activation code and take it back to your original computer or tablet.

17. Enter the activation code in line C and click **Register Now**.

The screenshot shows a registration window titled "Welcome!" for "Pro-Stitcher Designer". It contains a form with the following fields: *First, *Last, *City, *State/Province, *Zip/Postal, *Country, *Work Phone, *Home Phone, *Email Address, *Serial Number, Reg. Number, and Activation Code. The "Reg. Number" and "Activation Code" fields are marked with red dots and labeled A and B respectively. The "Activation Code" field is also marked with a red dot and labeled C. The "Register Now" button is circled in red.

A: Serial Number
B: Registration Number
C: Activation Code

18. Pro-Stitcher Designer is loaded and registered.
