## Updating Pro-Stitcher® Lite Software

▲ CAUTION: Before installing any Pro-Stitcher software, ensure your tablet is compatible. Important tablet compatibility information can be found at www.ProStitcher.com.

#### **Tools required:**

- USB drive
- NOTE: Use the USB port on your tablet that is not currently being used.

Pro-Stitcher would like to make sure your software is always up to date. Here are the steps to take to ensure you have the latest version of Pro-Stitcher Lite.

- In the Pro-Stitcher Lite software, select the "i" icon in the upper right-hand corner of the screen. This is the information screen.
- On the left-hand side of the screen, select the "About" button to display the information. A pop-up will show you which version of Pro-Stitcher Lite you have.
- Go to https://www.ProStitcher. com/prostitcher-lite-softwareupdate/. Compare the latest version number here with the version number installed on your tablet. If your version is the most recent, you are ready to quilt. If you do not have the latest version installed, proceed with the following directions.

## Downloading the Updated Pro-Stitcher Lite Software

Begin by downloading the updated software from the Pro-Stitcher Lite website,

### https://www.ProStitcher.com/ prostitcher-lite-software-update/.

- Insert a USB drive into the USB port of a computer connected to the Internet.
- 2. In a browser window, navigate to the Pro-Stitcher Lite website: https://prostitcher.com/ prostitcher-lite-software-update/.
- Select **Download** to download the most recent software version compatible with your tablet. The zip file will be saved to the Downloads folder on the computer.
- Locate the PSUpdate[Version#]. zip folder. Right-click the folder name and select Extract All to unzip the update file.
- Copy the unzipped PSUpdate. [Version#].exe file from the folder to the USB drive.
- 6. After the file is copied to the USB drive, unplug the USB drive from the computer and plug it into the USB port on the Pro-Stitcher Lite tablet.
