- In File Explorer, select your USB drive (usually drive E:/ or D:/).
- Right click on the USB drive, select Paste

• Eject your USB. It is now ready to be taken to your Pro-Stitcher tablet.

Before starting the installation, you must be logged on as the Administrator on your computer. This means that if you share the computer with someone else and have separate login ID's, your ID must be the one named Administrator and allowed to install software on the computer.

Close all open programs. We suggest you disable your security software for the duration of the installation because anti-virus and anti-spam software can prevent installation. Please contact your security software provider to learn how to disable it.

- 2. To install Pro-Stitcher Designer Software:
- Insert the USB drive into your computer or tablet. In File Explorer, select the PSDesigner USB. Double click on the file PSDSetup to launch installation.
- The executable setup file will download to the Downloads folder. Double click on the icon to begin the install. Follow the prompts to complete the installation.
- The Pro-Stitcher Designer InstallShield Wizard screen will open on your screen. Click Next.

2	Welcome to the InstallShield Wizard for Pro-Stitcher Designer	
	The InstallShield(R) Wizard will install Pro-Stito your computer. To continue, click Next.	ther Designer on
	< Back Next >	Cancel

 A License Agreement will load. Please read the license carefully, then select "I accept the terms in the license agreement" and click Next.

 The Ready to Install screen will load. Click Install to begin the software installation.

• The Installing Pro-Stitcher Designer screen will load.

• When the InstallShield Wizard is finished installing, click **Finish** on the final screen.

 On your desktop, double click on the Pro-Stitcher Designer Icon to launch the program.

• The Welcome window will load.
